Subject: Fisheries & Oceans Canada
Reference for David Budd

Fisheries & Oceans Canada has used pilot David Budd of Ocean Air Floatplanes extensively during the delivery of the Bamfield Search and Rescue Station Re-development project from August 2011, to September 2012.

David has operated passenger transfer services for Fisheries and Oceans personnel, and other professional consultants, between Victoria, BC and Bamfield, BC. David has operated in a professional manner, providing safe and timely transfers.

I would not hesitate to recommend David for future floatplane work with Fisheries and Oceans, or other organizations.

Sincerely yours,

Don Storry, P Eng.
